5 November 2021

Dear Parents/Carers

Today you will receive the 2022 School Fee Package.

We value you as a member of our community and the contributions you are making towards the ongoing success of St. Joseph's Primary School, and therefore your child's education.

School Fees are set annually, in consultation with Brisbane Catholic Education, the School's Finance Committee and myself, as part of the process of setting a yearly budget. Our School Fees take into account the priorities highlighted within our School Strategic Plan and the fee and levy recommendations from the Catholic Education Council for the 2022 school year.

St Joseph's is a Parish School within the Archdiocesan Catholic Education system, no one is ever turned away through their inability to pay. Special consideration is available for families with financial difficulties and arrangements can be made with the School Principal. Fees are set for twelve months, and accounts will be sent home at the beginning of each Term.

From 2021, Brisbane Catholic Education schools will be allocated their Australian Government funding according to a 'Base' and 'Loading' formula which is directly linked to student need. Under the per capita new student funding model, Principals and School Boards will have greater flexibility in making curriculum and staffing decisions that best meet the needs of their school. Fees and levies charged by Catholic schools go towards making up the difference, and more importantly, to help ensure we can provide a high quality Catholic education for your child. I have attached an information flyer that will help make this new funding model easier to understand.

Our school fees include an amount remitted centrally, the Archdiocesan Education Levy, which provides shared resources to all schools within the Archdiocese. Also included is a levy of \$20.00 per family to provide for the purchase of land for future school development within the Archdiocese. This is a vital investment in the future of Catholic schooling within the Archdiocese. *Please also find attached our School Fees Policy for your reference.*

To assist with Administration, we ask that all Direct Debit and Credit Card Authority Forms **be returned by Friday, November 19 – 2021.**

Families may wish to make a voluntary contribution to a 100% tax deductible Library Fund or School Building Fund. Once payment has been received, parents will be given a tax receipt. All families are encouraged to make this contribution to support the school in the purchase of resources needed in the library and contribute to ongoing infrastructure for students.

In determining fees for the coming year, I am mindful of being fair and equitable to all school families. Our community uses family fee payments to meet significant loan commitments and for utility costs such as insurance, electricity, rates etc as well as the costs associated with ensuring that adequate resource levels are maintained. I encourage you to communicate with me regarding any concerns or issues you may have with fee payments.

Thank you for your continued support of our wonderful St. Joseph's Primary School.

Yours sincerely

Nicole Cole
Principal

All Parents must complete a Music Enrolment Form is completed and submitted to the School Office.

All Music Enrolments must be received by 27th November 2022 to ensure a place in the program.

Music Cancellation forms **MUST** be completed and provide one Term's notice of the cancellation of the instrumental music lessons.

Instrumental Music tuition charges must be paid in advance to guarantee the School is able to meet its commitments with the Instrumental Music Tutors wages each Term. Should school fee accounts fall in arrears, the School reserves the right to suspend ALL instrumental music lessons until School Fee Statements are paid in full.

Extra Curricula Activities

Extra curricula activities are a means of enriching your child's life and building on their skills. Parents should be aware that in planning a child's year, a balance should be struck between commitments and available time, energy and finances.

After choosing an extra curricula activity for your child, it is important to remember that you and your child have made a firm commitment to participate in the chosen activity for the **full calendar year**. This is crucial as a student dropping out has various repercussions – the main one being changes to staffing arrangements and performances of the group at competitions/displays etc.

If a child is to withdraw from an activity, it would be possible **ONLY** at the **end** of a term (**after giving 3 weeks' notice to the Teacher of the activity**). Not turning up on the first day of the next term is not acceptable, and full fees for that term will be charged. Please note that unless notice is provided to the provider, fees will continue to be charged.

DISCLAIMER: All External providers are yet to be confirmed for 2022.

Keyboard/Piano

Year Level: Prep – 6

All aspects of keyboard playing are taught including reading, writing, rhythm and aural skills in a fun and relaxed manner. These skills also provide an excellent basis for learning a band instrument later on. All students receive progress report and examinations are catered for if required. Lessons are conducted in small groups or privately. Lesson times are before, during and after school. Actual lesson days will be determined based upon the level of interest. This will be advised early in 2022.

Cost: Please refer to the 2022 Music Handbook available from the School Office or website.

Strings Violin, Viola, Cello & Double Bass

Year Level: Prep – 6

The string program at St Joseph's is ever expanding and the violin is a perfect instrument for children to learn and consequently gain the fundamental knowledge required to allow them to go on and learn any of the other String Orchestra instruments too (these include the viola, cello and double bass). Our specialist teachers provide tuition on all of these instruments in 30-minute small group lessons or one-on-one private lessons (a waiting list may apply for private lessons) While it is desirable for students to supply their own instruments (especially smaller children in Prep/Year 1 who require smaller sized instruments), the school does have a number of ½ and ¾ sized violins and ¾ sized stringed instruments available to hire on a term-by-term basis.

When students reach the desired skill level, our Music Specialist Teachers will ask them to be a member in the Sr Mary Ancilla or Sr Mary Regina String Ensemble. As it is with all students who receive Instrumental Music Tuition, students learning a stringed instrument are provided with a progress report at the end of semesters 1 and 2.

Cost: Please refer to the 2022 Music Handbook available from the School Office or website.

Guitar

Year Level: Prep – 6

The Acoustic and Electric guitars are popular instruments to learn at St Joseph's with tuition being offered by our music specialist teachers in 30-minute small group lessons or one-on-one private lessons. Students learn to read and play Classical and Popular style melodic songs as well as chord-based, strumming accompaniments. As a result of reading and learning about the rhythmic and melodic aspects of guitar playing, students also develop literacy and numeracy skills that are transferrable across all areas of schooling. As it is with all students who receive Instrumental Music Tuition, students learning the guitar are provided with a progress report at the end of semesters 1 and 2.

Cost: Please refer to the 2022 Music Handbook available from the School Office or website.

Speech & Drama

Year Level: Prep – 6

Mrs Katrina Hohn conducts Speech & Drama lessons during school each week. The aim of these lessons is to assist children in the development of self-confidence, clear articulate speech, confidence in public speaking and skills for acting. Extra tuition for children wishing to participate in Eisteddfods and speech exams may be provided for an additional cost. Lessons are conducted during, before and after school. Actual lesson days will be determined, based upon the level of interest & will be advised early in 2022

. Being involved in Speech and Drama can make a positive difference to a child's academic and social development. When learning Speech and Drama it is hoped that increased group dynamics and social interaction between children will result.

Drama can increase a child's self-confidence, in and out of the classroom, and such self-assurance will continue throughout their schooling. Creative and analytical thought and physical expression will be further developed and allowed to evolve through Drama. Practical skills such as reading, oral presentations, and public speaking will also be improved through the art of Speech and Drama. St Joseph's students have participated in the Brisbane Eisteddfod, AMEB (Australian Music Examination Board) Drama Exams and school-based activities. In all of these areas the students have received very pleasing results. However, whether students wish to participate in such public activities is completely optional.

Small personalised classes of four to six students will be conducted, and these group lessons run for one hour. All lesson times will be arranged in accordance with the classroom teacher's preferences for times suitable for children to attend. The price is in line with the Queensland Speech and Drama Teachers Association fee schedule; each hourly lesson is **\$15.00 per student**. A 5% discount for students of the same family will apply. Individual half hour lessons can be arranged, at a different fee.

If you have any questions, please contact the school office.

Chess – Mondays

Year Level: Prep - 6

The Chess Club invites any children with an interest and love of Chess to join the St Joseph's Chess Club.

Classes give students an opportunity to take part in Regional and School Competitions.
